

TECHNICAL RIDER

TITLE: WATER - reflections for water bodies

AUTHOR: Compagnia del Buco

ACTORS: Simone Vaccari and Luca Macca

PERFORMANCE SPACE AND LOCATION:

Small to medium-sized bodies of water, without flowing currents.

Minimum depth: 40 cm. The audience must have easy access to the shore, which should offer good visibility and allow entry into the water. Feasibility will need to be assessed through photos and an on-site inspection.

AUDIO:

No specific requirements as only unamplified voice is used

LIGHTING:

Diffuse lighting with a warm wash that illuminates most of the water surface and the audience area. No additional specific requirements. The hosting organization is kindly requested to provide the necessary technical equipment and, if possible, technical staff for light setup.

ASSEMBLY and DISASSEMBLY TIME : arrival 1 day in advance for on-site rehearsals. There are no setups to assemble.

AUDIENCE: frontal, semicircular, or circular arrangement.

SIAE: not protected (no copyright restrictions)

SPECIFIC REQUIREMENTS:

-quiet location

-protected/secure area for changing, warming up, and storing personal belongings

-accessible location for a van to unload the boat and props
